IT'S THE RULE
SHOTS BEFORE SCHOOL

6th Grade Immunization Project

Goal: All present 6th Graders will have requested 7th grade immunizations and have documentation to their building School Nurse by May 23rd.

Why So Early? **Each year in August there are about 150 students who do not have completed immunizations. The following is from state statute and district policy: "All students enrolling in any district school shall provide the building principal with proof of immunization of certain diseases or furnish documents to satisfy requirements."**

Why 7th grade? **An additional TDAP is required at this age level.**

Why is this a challenge for parents?

-It is hard to get an appointment in July and August.

-Parents complete the immunization and assume the district gets the records.

-Parents forget until too late.

-Parents aren't aware of the law.

What to Do?

IT'S THE RULE
SHOTS BEFORE SCHOOL

1. **Make an appointment with your child's physician now to get immunizations completed and have documentation mailed or delivered to HMS-7 by May 23rd.**

OR

2. **Sign up to have your child's immunization administered at school by the Reno County Health Department (schedule is below). Complete paper work with your school nurse at Parent Conferences. Documentation of the immunization will be sent directly to the HMS-7 School Nurse.**

If you miss parent conferences, call your school nurse to get the paper work completed so your child can receive immunizations at the Building Clinics.

School Vaccination Clinics:

Faris:	**April 11**	**Graber:**	**March 13**
Lincoln:	**March 5**	**McCandless:**	**March 12**
Morgan:	**April 3**	**Wiley:**	**April 4**
Allen:	**March 14**	**Ave. A:**	**April 6**

6th graders will learn of this Immunization Project and the need for immunizations through a lesson provided by the school nurse

Celebration: There will be "Celebration 7th Grade Tee Shirts" provided to 6th graders the last week of school to acknowledge student and parent efforts for completing required immunizations and documentation by May 23rd.

Any questions about immunizations can be answered by calling your school nurse.

Immunization Screening Questionnaire

1. Is the person to be vaccinated currently sick or experiencing a high fever?	☐ Yes ☐ No
2. Does the child have allergies to medications, food, latex, or a vaccine component?	☐ Yes ☐ No
3. Has the child had a serious reaction to a vaccine in the past?	☐ Yes ☐ No
4. Has the child had a health problem with the lungs, heart, kidneys, or metabolic disease (e.g. diabetes, asthma, or a blood disorder? Is he/she on a long-term aspirin therapy?	☐ Yes ☐ No
5. If the child to be vaccinated is between the ages of 2 and 4 years, has a healthcare provider told you that the child had wheezing or asthma in the past 12 months?	☐ Yes ☐ No
6. If your child is a baby, have you ever been told he or she has had intussusception?	☐ Yes ☐ No
7. Has the child, a sibling, or a parent had a seizure; has the child had brain or other nervous system problems?	☐ Yes ☐ No
8. Does the child have cancer, leukemia, HIV/AIDS, or any other immune system problem?	☐ Yes ☐ No
9. Does the child to be vaccinated have close, regular contact with someone with a weakened immune system?	☐ Yes ☐ No
10. In the past 3 months, has the child taken medications that weaken their immune system, such as cortisone, prednisone, other steroids, antiviral medications, anticancer drugs, or had radiation treatments.	☐ Yes ☐ No
11. Has the child to be vaccinated received blood, plasma, or immune globulin in the past twelve months?	☐ Yes ☐ No
12. Is the child/teen pregnant or is there a chance she could become pregnant during the next month?	☐ Yes ☐ No
13. Has the child received vaccinations in the past 4 weeks?	☐ Yes ☐ No

* I have been given a copy and have read, or have had explained to me, the information in the Vaccine Information Statement ("VIS") and ask that the vaccine(s) be given to me or to the person named for who I am authorized to make this request. I consent to the inclusion of immunization data in the Kansas Immunization Registry.

* I acknowledge that I have been offered a copy of the Reno County Health Department's Notice of Privacy Practices with the effective date of 09/25/2013.

* I authorize the release of the medical or billing information necessary to process claims for insurance providers including Medicare.

NOTE: According to Kansas Statute 65-531

Information and records which pertain to the immunization status of persons against childhood diseases as required by K.S.A. 65-508 and 65-519 may be disclosed and exchanged without a parent or guardian's written release authorizing such disclosure to those who need such information to assure compliance with state statutes or to achieve age appropriate immunization status for children. See State Statute 65-531 for complete description.
